INTRODUCTION

This Index of Graduate Theses has been compiled at the request of professors, librarians, and graduate students in the seminaries of the Southern Baptist Convention. This volume is designed for the use of these and other persons as a composite index to the dissertations in these institutions. The Historical Commission staff prepared the Index from data provided by the libraries of Golden Gate Baptist Theological Seminary, New Orleans Baptist Theological Seminary, Southeastern Baptist Theological Seminary, Southern Baptist Theological Seminary, and Southwestern Baptist Theological Seminary of the Southern Baptist Convention, and by Central Baptist Theological Seminary of the American Baptist Convention. The Commission expresses deep appreciation to the librarians and their staff members for their splendid co-operation in this venture.

This volume is divided into three sections. SECTION I is a complete listing of all theses approved by the above institutions prior to 1963. The theses are arranged according to the major field of study in which they were written. Within the major field categories, theses are grouped by institutions and by title. Each separate entry contains the following data: title, author, date, pages (when available), and degree awarded (data not available to distinguish between Th.D. and Ph.D. degrees of Southern Seminary; all doctoral degrees in theology of that institution are denoted as the Th.D. degree). The theses are numbered consecutively as they appear in Section I. These numbers provide a key to the author and subject indexes in Sections II and III.

SECTION II is an author index. Each name is followed by the thesis number, as a guide to the detailed entry in Section I.

SECTION III is a general subject index to the theses. The numbers following each subject entry refer the reader to the theses in Section I relative to that particular subject.

In spite of efforts to present an accurate and complete index, errors have occured for which the compilers express sincere regret. The Commission solicits correction of errors not listed on the errata sheet (p. vi).

Plans are projected for the publication of supplements to this volume which will include theses approved by the above institutions after 1962. Additional supplements are to include theses related to Baptists in other institutions.
